

THAT'S A WRAP

ROUND 5- SOUTHERN REGION

How good is the creek!! Arguably one of the most enjoyable tournaments of the southern region season and round 5 of the 2016-2017 Southern season was no exception.

The Tinana Creek tournament is known for its great skiing conditions and its social atmosphere. A big thank you to Marty and Leigh Purcell who not only hosted a few campers over the weekend but also opened up Old McMarty's farm to a BBQ for all to attend on Saturday night.

Another big thank you to Greg and Annette Kerslake for providing their beautiful Nautique 200 giving the skiers that extra 'edge.' Speaking of 'edge' the crash of the weekend most certainly went to Nico Conroy for his big out the front cartwheel in round 2 on Saturday afternoon.

PB's came by the family load this weekend especially for the Smith family with Billy, Bryce and Louise stepping it up another notch. Skier of the weekend went to little Jett Sheehy who gets out on the water and takes on the boat wake mountains in style. Next time you see Jett ski make sure to check out his technique there are a few good genes being passed down there and he will be one to watch in coming years.

A special mention must go to Ash Murphy (who also got a PB) and Gus Mitchell for their efforts over the weekend. Ash spent time in the pickup boat through all 3 rounds and Gus was on either side of the radio for most of the weekend calling scores from the boat or writing them down on the bank. Our tournaments are a lot of work but when people pitch in like these boys it lightens the load. Thank guys!

Finally, and most importantly, thank you to our sponsors Big 4 Caravan parks, Reflex Australia and Masterline! See you next time!!
